WITH A GLASS ACCENT

The combination of natural oak and matt grey is the perfect recipe for a beautiful and timeless interior. Every detail here determines its appearance. Just like black tempered glass, which fills the space created by the precise milling of the handle lines.

33RD SAPERAVI AVENUE – MATT BLACK

Black cabinets in matt lacquer look beautiful against the background of a wooden-coloured wall and floor. The strong contrast gives the interior its shape and emphasizes the details even more.

LAVENDER CORNER

Fresh lavender wrapped in cool grey is a duo that cannot be ignored. All the attention is focused on the centrally located isle, which attracts the eye like a magnet. Take note of the thin line of the tabletop - gently separated from the whole, it seems to float in the air.

BOTTLE GREEN

Here's a colour that'll make a striking impression in the kitchen. Lively, energetic, beautiful. So as not to overshadow its charm, it's discreetly accompanied by elements in matt grey. Here's a kitchen for people who like to stand out!

Choose from a wide range of natural veneers and colours with lacquer finish. Play with style and create a kitchen according to your idea.

36TH NORDE AVENUE – NATURAL OAK /
38TH ELYSEE AVENUE – MATT MAGNOLIA

A BREATH OF LIGHTNESS

Warm wood-coloured table tops and furniture sides are ideally combined with fronts covered with lacquered coating. Such a duo takes centre stage in the interior, tones and calms it down. The ideal solution for a kitchen where we spend a lot of time, indulging in culinary pleasures.

38TH ELYSEE AVENUE with L0 handle – GLOSSY MAGNOLIA

SHADES OF GREY

Design for demanding customers. Stone decor and proud shades of elegant grey and graphite form a perfectly complementary whole. Such a kitchen makes you want to stay longer... even if only for one more sip of morning coffee.

AROSA chair - width/depth/height 44/50/96 cm

32ND MALBEC AVENUE – CHESTNUT OAKBITTER
CHOCOLATE

Dark veneered fronts with handles filled with a sheet of black, tempered glass and almost invisible, typical kitchen equipment, hidden in the kitchen cabinets. Here's a recipe for a well-organised kitchen, full of good taste.

PRACTICAL SEGREGATION BASKETS
WITH CENTRAL COVER

White kitchen furniture is an idea for a kitchen that won't go out of fashion for long. Afraid of boredom? Break the white with a black wall or mix the colours of the fronts.

**97TH WEST STREET - STIRLING OAK
DARK / MATT LAVA**

RUSTY ACCENT

The rusty tin-like decor is an accent you can't ignore. It beautifully breaks the blackness of the walls and the colour of the furniture bodies. A kitchen like this simply cries out for natural accessories and lamps in the retro style.

84TH BOARD STREET with L1 handle – BROWN FERRO / **98TH ELYSEE STREET** with L1 handle – MATT BLACK

READY FOR ANYTHING

It's a good idea to plan the open space of the apartment in such a way as to make it pleasing to the eye, to allow free operation and to allow unexpected guests to come in at any time. Open shelves and tabletops allow you to quickly change the arrangement. What we don't want to show can be hidden behind the fronts of the cabinets.

Unusual height of the cabinet installations allows to arrange the space in an interesting way. Instead of tall, opaque wardrobes, you can add decorations here and give the interior an attitude.

Cabinet lighting is an excellent way to add charm and functionality to your interior.

BLOTCH OF COLOUR

Traditional kitchen with... an attitude! Beautiful, subdued in colour, the furniture has created a beautiful, cosy space that comes to life thanks to the navy blue blotch. Look at the tall cabinet installations. That's what will catch the eyes of all of your guests.

KASSETTA – BRIGHT GREY

BETWEEN THE CLASSICAL
AND THE MODERN

Grey, lacquered fronts and a functional isle change the nature of the kitchen in a simple, classic style. However, a sudden turn towards modernity is hampered by traditional millings and beautiful displays, filled right up to the ceiling with beautiful dinnerware and accessories.
